Carina Eriksson  
Manager  
Starbucks Coffee Company

5339 Headland Dr  
West Vancouver

Attn: Carina Eriksson,

I am applying for the position of Barista at the Caulfeild location Starbucks. I am applying for this job because I think I have many attributes that could enhance the service experience for customers, and also because I am very interested in working for a company with a conscientious regard for ethical practices and a commitment to reducing waste and recycling. This attention to the environment is very important to me because of my experience volunteering for causes dedicated to providing social, economic and environmental benefits to communities around the world.

I am dedicated and responsible, with the ability to stay both mindful and agreeable in fast-paced and often stressful situations. In my volunteer and work experience I have excelled in positions of leadership and have taken on the responsibilities of anticipating the needs of others, following specific procedures, and positively contributing to a team environment. I think that you will find that my strong interpersonal skills allow me to thrive in various situations when interacting with, and assisting customers, as well as being a dependable coworker and employee.

I have enclosed my resume and would like to have the opportunity to further discuss my qualifications with you.
