### ***Planning 10 Blended – Mr. K. Kim***

Planning 10 online is a blended course. We meet online asynchronous (not real time) as well as in person at a pre-determined location. The course is 120 hours in duration. We will meet online using the [West Vancouver Inside 45 portal](#) and also dedicate 3 hours each month meeting face to face.

The aim of Planning 10 is to enable students to develop the skills they need to become self-directed individuals who set goals, make thoughtful decisions, and take responsibility for pursuing their goals throughout life.
